St Barnabas

Programme Card

January - April 2025

In the mornings, we'll work our way through the gospel of Mark, right up to Easter. And within the gospel, we'll focus for four weeks on four key gospel practices that speak so powerfully to our frazzled, distracted age: silence/solitude, slowing, sabbath and simplicity.

In the evenings, we begin with a series called 'City of God', where we'll look at what the Bible says about how Christians should live in towns and cities – which is where most of the UK live and where much of the Bible is set. Then, during Lent, we'll look at Paul's the letter to the Galatians, where he unpacks how the gospel sets us free.
