EASTER TO JUNE 2026

# Programme Card

## Easter to June 2026

In the mornings we will continue to focus on the resurrection of Jesus on Easter Day and the next two Sundays. Then, from 26th April, we resume our series on St Paul's letter to the Romans – the Himalayas of the New Testament. We covered the first half in the autumn and now we cover chapters 9 to 16. The first half was about core Christian beliefs, the second half is about core Christian behaviours.

In the evenings, we will likewise focus on the resurrection in April. Then from 26th April we begin a four-part series on the Old Testament book of Esther, followed by a series on the letter, 1 John, from the New Testament. Esther and 1 John are small books, but each has a deep and nourishing message.
